# WAIT UNTIL DARK

Imagine yourself in Volcano's historic Cobblestone Theatre in darkness so complete that the only way to find the hand of your companion sitting six inches from you is by touch and feel! "Why would you want to find such a hand?", you ask. Because you are going to be seeking any reassurance available to steel yourself against the mayhem taking place on the stage a few feet in front of you. A genuine thrill ride, this production will leave you breathless, as our heroine fights for her life against a cadre of con men, controlled by a sadistic psychopath.

The plot twists, turns, features intriguing special effects, builds to a frenzied climax, and showcases the versatility of this talented cast and crew. Set in a 1944 Greenwich Village basement apartment, the intimate Cobblestone Theatre provides the perfect venue for a night you will never forget!

Caution—no profane language, no "adult situations", but an intensity that may make this experience uncomfortable for those under thirteen.
